

# Red Mountain Ranch Up Close

Bringing neighbors closer to their community

October 2013

## RED MOUNTAIN RANCH GARAGE SALE is Set for November

By Jay Williamson, Red Mountain Ranch Social Club Publicity

It is now October, and this year's annual Red Mountain Ranch Community Garage Sale, which will be held on Friday and Saturday, Nov. 8 and 9, is fast approaching.

You do not want to miss this opportunity to sell, for hard cash, those items you no longer use and are taking space in your garage or closet. It also is a great time to visit and get to know your neighbors in Red Mountain Ranch. Your home must be in Red Mountain Ranch to sell items at this garage sale.

Our community garage sale is one of the largest in the Phoenix area. We had 176 homes signed up to sell last year, which was an all-time record. We hope to have more sellers this year. This means you will have lots of customers buying your items.

Our garage sale brings thousands of customers to Red Mountain Ranch. Last year, the roads in our community were filled with buyer's cars and trucks. We do all the work, providing buyers for your items for sale.

Buyers love the bargains they find. Prices are usually much lower than retail, with brand names lower than thrift stores.

Look at what your \$15 contribution represents. We provide a \$1 million liability insurance policy, banners at the three entrances to Red Mountain Ranch and signs

on the main roads in our community. We also provide an information packet, including instructions, entitled *How to Do a Garage Sale*. In addition, signs and stakes are included. A vendor at Red Rock Park, off Recker Road, will be selling hot dogs, drinks and ice cream. There also will be an e-mail and telephone hotline to answer your questions, as well as newspaper and e-mail advertising.

If you have any questions, please send e-mails to [jaynwilliamson57@yahoo.com](mailto:jaynwilliamson57@yahoo.com), and we will reply with an answer. You also can call our garage sale hotline at (480) 459-5660. If there is no answer, please leave a message. Include your question, as well as your name and telephone number. We will return your call.

Our HOA has approved and reserved Nov. 8 and 9 for our garage sale. Please do not have an individual sale without paying the \$15 during our sale weekend.

You can pick up your Garage Sale Information Packet at 6455 E. Rafteriver between 5 and 7 p.m., on Wednesday and Thursday, Nov. 6 and 7. This is the same location as last year. You also can pay at that time if you have not already sent in your \$15 check.

The Red Mountain Ranch Social Club sponsors the garage sale. We meet on the second Thursday of each month, except December, at 9:30 a.m., at the Red Mountain Ranch Country Clubhouse. Interesting speakers and presentations are featured. We also have many social events, such as the spring and fall cocktail parties, trips to see plays and more. You are invited to attend the meetings as our guest. You do not have to be a member to attend. ■

For more information, or to find out where to send your \$15, e-mail [jaynwilliamson57@yahoo.com](mailto:jaynwilliamson57@yahoo.com) or call (480) 459-5660.

## FAMILY-OWNED GUS'S OFFERS SOMETHING FOR EVERYONE

By Kimberly Searles

Located at Power and McKellips roads, Gus's New York Pizza and Bar works hard to serve up something for everyone.

Whether your appetite is large or small, Gus's features a full menu filled with their family tried-and-true recipes.

An Arizona tradition for nearly 40 years, and opening in Northeast Mesa in 2012, Gus's focuses on creating high-quality freshness and a distinctive style, making them stand out from others.

"The food is good, and the servers are always polite," said one online reviewer.

With football season in high gear, Gus's invites you to come watch your favorite teams battle it out while enjoying a mouthwatering assortment of pizzas, wings, subs and fresh salads. What they are most famous for is their 32-inch NY Giant Pizza—enough to feed your whole family, and have leftovers the next day.

Order the whole pizza, or get it by the slice. Gus's even offers Stromboli, available in one-size-fits-all to appease every appetite. Their menu also includes a full array of pasta, including Lasagna, Fettuccine Alfredo and Eggplant

Parmesan. You can even build your own pasta, which comes with freshly made garlic bread.

"In addition to making dishes that are unique and flavorful, we want to create an atmosphere that's enjoyable for our customers," said the owner.

It's true—Gus's offers a variety

of ways to enjoy your time. From their amazing drink selection and happy hour deals, to their indoor or outdoor seating, Gus's truly does offer something for everyone.

One reviewer on iDine.com mentions their attractive and casual ambiance. "The service was fast and attentive, but unobtrusive, while the food was tasty, well-prepared. Overall, Gus's is an enjoyable experience, and we've added it to our regular neighborhood dining out list."

If you have a hankering for great pizza and good times, Gus's New York Pizza and Bar is the place to go in Northeast Mesa. ■

Gus's New York Pizza and Bar is located at 2015 N. Power Road, in the Target shopping plaza. Choose from dine in, delivery or carry-out dining. Call (480) 924-4877, or order online at [www.gussnypizzabar.com](http://www.gussnypizzabar.com).

# MULTI-TRAINED PROFESSIONAL Joins Cosmos Spa Team

By Dawn Abbey

Cosmos Salon and Day Spa is pleased to announce the addition of a licensed massage therapist and aesthetician to its staff.

"We are very excited to welcome Jill Batista to our team of professionals," said Sandy Barbetta. She and her husband, Cosmo, are co-owners of Cosmos Salon and Day Spa.

A graduate of both the Southwest Institute of Healing Arts and the Southwest Institute of Natural Aesthetics, Jill is a 16-year veteran in the field of massage and healing bodywork. She has worked in numerous day spas, chiropractic clinics and wellness centers. At one point, she operated her own successful practice in Colorado. Her special areas of expertise include relaxation, therapeutic, focused tension relief, hot-stone and prenatal massage services, as well as craniosacral therapy.

"My approach is holistic," said Jill, "and I have a strong commitment and devotion to the practice of massage, skin care, health and well-being. By listening carefully to my clients, I can focus on the areas of tension, as requested, with effective thoroughness and care, using a blend of learned techniques and customized treatments for pure relaxation, or deep and therapeutic."

Jill Batista

As an aesthetician, Jill's specialty is facial and body waxing, including the Brazilian bikini wax. She also performs a variety of facial services, microdermabrasion and peels. In addition, she offers a complimentary skin analysis, with skin care and product recommendations. Originally from Arizona, Jill is excited to be here as a new addition to the fabulous team at Cosmos. ■

To set up an appointment with Jill or any of the Cosmos Salon and Day Spa team, or for more information, call (480) 844-0707. Cosmos Salon and Day Spa is located in The Village at Las Sendas, at the northeast corner of Power and McDowell roads.

COMMUNITY

# Empty Bowl Events ASSIST PAZ DE CRISTO

Submitted by Mesa  
Community College

It may take a village to raise a child, but sometimes it takes a village to sustain the village itself. Such was the case when a fire broke out at Paz de Cristo Community Center this past spring, rendering the center's kitchen unusable. The center, which serves about 200 meals each night to those in need in the East Valley, was unsure how it would continue its mission to help the poor.

Thanks to an outpouring of support and generosity from community restaurants, businesses, faith groups and individuals, Paz de Cristo was able to continue its nightly service. These local restaurants donated catered food or provided food at cost to donors at the center, proving that with assistance and support, Paz de Cristo is an unstoppable source of support for Valley residents.

"The community really rallied behind us," said Christine Oliviero, business manager and volunteer coordinator for Paz de Cristo. "We were very thankful for their donations."

Following along those lines, Mesa Community College (MCC) will be holding two fund-raising events to further support the anti-hunger and empowerment services offered by the non-profit agency, Paz de Cristo.

For a \$10 donation, those attending Empty Bowl

events can take home a one-of-a-kind bowl made by accomplished local artists and dine on a simple meal of bread, soup and water in observance of World Hunger Day. All proceeds go to Paz de Cristo.

**MCC offers two Empty Bowl events for the community to attend:**  
**Wednesday, Oct. 16, at MCC's Southern and Dobson Campus** (Center Courtyard under the big tent)  
1833 W. Southern Ave.  
Hours: 10:30 a.m. to 3 p.m., and evening 5 to 8 p.m.

**Wednesday, Oct. 23, at MCC's Red Mountain Campus** (Mesquite Building, Community Room)  
7110 E. McKellips Road  
Hours: 10:30 a.m. to 3 p.m., and evening 5 to 8 p.m.

Local organizations donate clay, glaze, soup, dinner rolls, entertainment, volunteers and much more. Sponsors include *The Arizona Republic*, Alpine Valley

Bread Co., Marjon Ceramics and Laguna Clay Company, Mesa Arts Center, MCC Art Department, New Frontiers, Pita Jungle, T.C. Eggington's, Red, White and Brew, Shamrock Farms and Sysco. ■

## O'Neill's Guarantees UNDER 100 DEGREES

By Paul O'Neill

O'Neill's Place still guarantees it to be under 100 degrees. It's been a long hot summer, and with temperatures still hovering around 90 degrees, things are ice cold at O'Neill's, especially the beer.

With baseball winding down, and some disappointment with the Diamond Backs not taking first place or even the wildcard, we can now put all our hopes in the Cardinals. So, let's go Cards, and come on down to O'Neill's Place to watch them all season, along with all your NFL favorites. O'Neill's Place offers the complete NFL Package, ESPN Game Plan and Big 10 for those college fans, too.

During the football season, O'Neill's Place offers Happy Pricing on select beers and spirits, \$3 Bloody Mary's and our infamous \$8 burger and a beer on Mondays and Thursdays.

Continuing all winter is Prime Rib Saturday Night, and, of course, for all our wonderful children in school, the A for Achievement Program. Beth also has brought back her famous mini desserts. So, come on down and enjoy one after some great food and spirits.

In a follow up from last month's article, it does seem Paul O'Neill actually is the most interesting man in the world. Paul may not always drink beer, but when he does, he drinks at O'Neill's Place!

If you have not already, please do like us on Facebook, and follow all of Beth's updates.

Come thirsty. Come hungry. ■

O'Neill's Place is located at 2855 N. Power Road, on the northeast corner of Power and McDowell roads, in The Village at Las Sendas.

## ENTERTAINMENT

**LIVE...AT LAS SENDAS** is pleased to present Andrew Johns on Thursday, Nov. 14, along with our amazing Chef's Grand Buffet. Andrew Johns is a musician and comedian with just a few keyboards, drums, a ton of talent and a huge diverse repertoire. Andrew has been compared to the late entertainer Victor Borge, as his sometimes goofy nature and cerebral sense of humor can shine through, usually at the appropriate moments. He also can be described as a combination of Billy Joel and Elton John, with fabulous renditions of both artists, as well as many other popular pianists and soloists. Andrew's amazing vocal range allows him to tackle everything from light opera, including Les Miserable and Phantom of the Opera, all the way over to impersonating Louis Armstrong, Norah Jones, Macy Gray and Led Zeppelin.

With his vocal expertise, you will hear harmonies that you're not sure how or from where they are coming. Mostly, it's thanks to his classical piano background and perfect pitch as a child, which has led to the amazing ability to mimic and cover so many genres and styles. Basically, if he's heard it, he can play it.

So, if you're looking for Elton, Queen, The Rolling Stones, Glenn Miller, Earth Wind and Fire, Michael Buble, Muse, Seal, John Mayer, Journey, Billy Joel, The Fray, Marvin Gaye, Jimmy Buffet, Van Morrison, Zac Brown Band, Sting, ABBA, Garth Brooks, Average White Band, Paul Simon, Peter Gabriel, Phil Collins, Stevie Wonder, Lady Antebellum and many more, Andrew Johns is your obvious choice. Even Lady Gaga has been known to creep into the middle of a song.

Cocktails are from 6 to 6:30 p.m. The Chef's Grand Buffet is from 6:30 to 8 p.m., and the show begins at 8 p.m. Tickets are \$60 per person or a table of eight for \$400. Only 200 tickets will be sold. To purchase tickets or a table, please call Erica at (480) 396-4000, or send an e-mail to [egomez@lassendas.com](mailto:egomez@lassendas.com).

# Federal Reserve's Announcement IS GOOD NEWS

By Lorraine Ryall, Realtor, CDPE, CSSN  
Coldwell Banker Trails and Paths

MARKET UPDATE

If you are purchasing a home and have been watching the market, you may have noticed quite a few price reductions on currently listed homes in the past month.

August and the first half of September have seen home prices decline from the previous month. This is partly due to the cyclical nature of the market in Arizona, where the summer months are always slower, but also due to the increase in mortgage rates. Supply has increased by 1.1 percent, and demand decreased 3.7 percent. The forecast for October is for prices to increase as the market starts to pick up again, and the current pending sales list price is

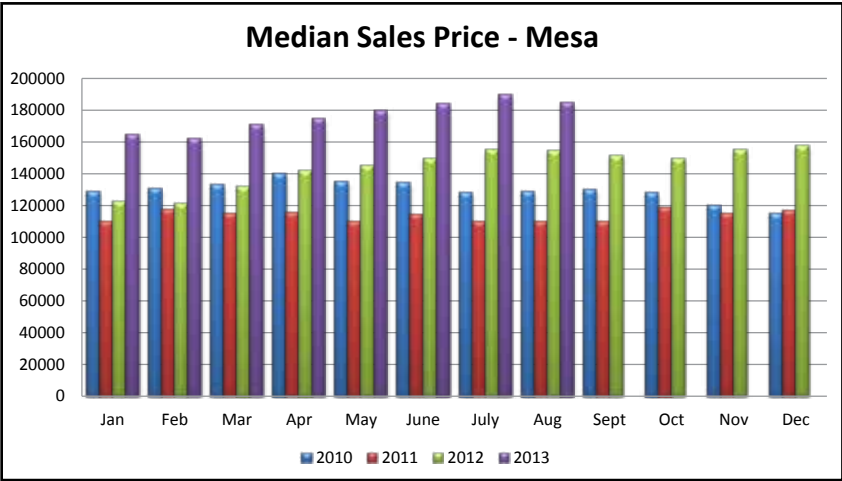

2.5 percent higher than this time last month. However, the new announcement by the Feds will probably push prices even higher than projected.

MORTGAGE RATES DROP AFTER THE FEDERAL RESERVE'S ANNOUNCEMENT

With the announcement that the Feds are not going to start tapering off on purchasing treasuries and mortgage-backed securities it purchases each month, mortgage rates immediately started to drop. With this second chance on lower interest rates, buyers are going to be jumping back in as quickly as they can to lock in their rate before anything changes and rates start to increase again.

For sellers, with this increase in demand, and still record low inventory, it's a perfect seller's market. Higher demand and low inventory means multiple offers and higher prices. But who knows how long this reprieve will last. Should the economy start picking up steam again, chances are the tapering off will resurface, driving rates back up. So, now is the best time to make your move.

CHARTS AND STATISTICS

As the charts last month were very small, I am now only using one chart each month in my articles, but the others can be viewed on my Web site at [www.Homes2SellAZ.com/blog](http://www.Homes2SellAZ.com/blog), along with a current monthly market update video. ■

# ENTER DESSERT BAKING CONTEST

Submitted by Flancer's Incredible Sandwiches and Pizzeria

OK, so, you think you can bake? Well, the word *desserts* spelled backward is *stressed*! No need to stress this, though.

If you are the winner, for one year, your charity of choice will receive \$1.50 from every order of the winning dessert sold at both of our restaurants. You also will receive a \$100 Flancer's Gift Certificate, as well as a super cool trophy.

All you have to do is send your recipe and a photo (which would be helpful, but not essential), along with your charity of choice and a brief description of your dessert, and why it is so good. Send this information to [jeff@flancers.com](mailto:jeff@flancers.com).

If selected, we will request a baked sample, for our Dessert Baking Contest judges, on Sunday, Oct. 13, at our Mesa restaurant.

Our past winners' charities have been Beloved Little Penny, from Mesa, who needed a heart transplant, Susan G. Komen for the Cure, Gabriel's Angels and Brain Food. Each year, we raise thousands of dollars for these charities. Let's raise some money for your charity, too. ■

Rockin' taste buds since 2000, Flancer's Incredible Sandwiches and Pizzeria is a family-friendly restaurant, providing unique food on freshly baked bread. Staff members get to know the customers by sight. You can enjoy Flancer's at the Mesa location, 1902 N. Higley Road, just south of McKellips Road.

# Enjoy Your Warm POOL ALL WINTER

By Dawn Abbey

As fall nights get cooler, the temperature of your pool water is falling fast, too. Days are warm and sunny, and the pool is so inviting, but most Arizonans experience an uncomfortable brrr factor if they brave a jump into the water.

"Heating your pool isn't as expensive as you might think," said Chris Quam, owner of Arizona Pool Guy, Inc. "Using the same heat pump technology that heats and cools our homes, we can have heated, and even cooled water for our pools all year long," Chris explained. "Pool heat pumps are energy efficient, costing 25 to 50 percent less than using propane, oil or natural gas, and even 20 percent less than electric resistance."

"Your pool is a big investment in family recreation," said Chris. "If you can't use it comfortably in summer and winter, you're missing out. I've been heating and cooling my pool at home here in Northeast Mesa for several years now."

As a single dad of two active daughters, Chris says he can't keep them out of the pool in any season. "While your neighbor's unheated pool goes unused, you and your family and friends can swim in warm water for months longer for as little as \$50 a month."

Chris Quam

Each pool setup is different, and Chris calculates the exact size specifications needed to heat your pool for the lowest cost possible.

An Arizona state licensed contractor and designated a certified pool operator, Chris has 10 years experience in the pool business. He started Arizona Pool Guy, Inc., about six years ago. "We do new builds, remodels, re-plastering, decks, water features, install variable-speed pumps, and do all maintenance and

pool service," Chris stated. "And of course, we install pool heaters and coolers. All of our pool techs are well-trained and reliable," he continued. "We're always happy to come out and give a free estimate for a heating/cooling system or any type of pool service needed."

Arizona Pool Guy, Inc. is offering fall specials for pool owners. "Right now, we are having a fall special on heat pumps, and we'll add a free solar pool cover to save you even more money, for anyone who contracts to do a heat pump installation during October. Just clip the coupon in this newspaper." ■

For more information about pool heat pumps, variable speed pumps, or any pool service or repairs, contact Chris Quam, at Arizona Pool Guy, Inc. Call (480) 699-0607.

## IMPROVE YOUR GOLF SWING!

### Chiropractor Can Be a Golfer's Best Friend

**Lynn Pangburn, DC**

Every golfer knows how a problem with the swing really impacts their game. So often, golfers, especially novices, try to kill the ball by hitting it as hard as possible. This puts a lot of strain on the spine and can cause pain. One way to reduce spinal stress is by decreasing backswing and follow-through. By reducing the X-factor in their swing (the opposite twisting motion between the hips and shoulders), most golfers can reduce spinal stress. Another idea to improve your swing is to have your back evaluated by a chiropractor. "Most professional golfers see a chiropractor because it helps their game so much," said Dr. Lynn Pangburn, of Red Mountain Chiro-Med. "Being a chiropractic patient has really helped me immensely... lifting weights and seeing a chiropractor on a regular basis has made me a better golfer. I've been going to chiropractors for as long as I can remember. It's as important to my training as practicing my swing." —Tiger Woods, Professional Golfer "I see golfers every day who benefit greatly from chiropractic," stated Dr. Pangburn. "When your spine is misaligned, it affects every part of your body. Chiropractors are the golfers' best friend. Chiropractic care greatly improves the body's mechanics, while reducing pain and the risk of injury."

For more information on playing better golf by improving your swing, call Red Mountain Chiro-Med at (480) 359-1401. You can book an appointment to have your spine evaluated for better golf. The office is located at 2044 N. Recker Road.

# iPLAN is Go-to Source for Custom Home Designs

By Kimberly Searles

In a time when the housing industry spiraled downward, iPLAN has become the go-to source for custom home designs.

Many factors play into the 18-year-old firm's success, according to President Alan House.

"It boils down to design talent and attention to detail," said Alan. "We're also proud to have an 88 percent first-time plans approval rating."

Proven designs and planning methods don't hurt, either. As an architectural firm, iPLAN has created hundreds of luxury homes ranging from 2,000 square feet to 22,000 square feet. A former aerospace engineer, Alan worked at the Boeing plant in Mesa.

His expertise in the aerospace industry translates well into the custom home design arena when blended with his business partner Ben Scheier's unique design talents and experience. Ben's talents were honed in some of the Southwest's most luxurious settings—La Jolla, Rancho Santa Fe and Scottsdale.

"With iPLAN, we bring aerospace processes and procedures to an industry that has none," stated Alan. "Those processes include focus on details and getting things done right the first time."

Ben, along with the talented design team, has propelled iPLAN into a premier source for custom design homes. Focused on innovative and elegant design solutions, their penchant for perfection begins with developing a good rapport with their clients. In fact, many times, the team is out in the dirt, working with their clients and builders.

In addition to custom home design, iPLAN offers semi-custom and production homes, working with some of

Alan House, Ben Scheier, Joel Moreno

the finest builders in the area, such as Blanford and Lennar. The team also provides architectural review services for Las Sendas and other prestigious communities.

Their commitment to creative design and quality also has garnered them an invitation to design a custom home for this year's Street of Dreams event. Located in Gilbert's Whitewing at Germann Estates, Street of Dreams features five brand new luxury show homes designed to impress and inspire. iPLAN's home sits in the middle of the Street of Dreams, and will be open to the public from Oct. 19 through Dec. 1. ■

iPLAN provides a full-service custom home design for projects of all sizes. Learn more about iPLAN by visiting them at [www.iplandesign.com](http://www.iplandesign.com), or contacting Ben Scheier at (480) 980-1119. # Register Early for Hit for the Cure TENNIS AND GOLF DEAL

By AnnElise Makin

Once again, it's time to tee up and hit a volley, so get your rackets and irons out for a good cause. The 13th *Hit for the Cure* is coming on Saturday, Nov. 9, to the greens and reds at the Red Mountain Ranch Country Club (RMRCC). "The *Hit for the Cure* had become an all-club event last year when the golf department joined in," tennis director Ray Kheshvadjian said. "Everybody is on board again. The *Hit for the Cure* has become an all-Red Mountain community event."

Last year, the *Hit for the Cure* raised a grand total of \$17,000 for the Relay for Life–American Cancer Society (ACS) East Valley. Since its beginning, the *Hit for the Cure* has easily collected more than \$100,000 for cancer patient services and research.

What began as an impromptu fighting strategy among a group of 10 Red Mountain Ranch breast cancer survivors, has converged into an annual happening of compassionate competitions (no contradiction) on RMRCC's turf.

The *Hit for the Cure* was launched in the year 2000 by breast cancer survivor Jan Edson and tennis pro Tom Davis. Jan, an ACS volunteer, recruited her group of survivors to organize a tennis tournament. The first benefit had 58 participants and raked in \$2,300.

Since then, the *Hit for the Cure* has grown considerably. Last year, 130 golfers and tennis players attended, and

donations came from all over the Valley. Auction, raffle and musical acts provided continuous amusement for the day. "RMRCC is clearly one of the premier golf spots in the Valley," Ray K pointed out. "That's why we are happy that the golfers joined forces with us." At the *Hit for the Cure*, non-members have the opportunity to play a challenging Pete Dye course at a reasonable price. Aside from the 18-hole, full-course tournament, the *Hit for the Cure* also will offer a 9-hole Hit and Giggle division. This event is intended for people who are novice

players, and, on the same occasion, want to enter a tennis doubles event. This year, Ray vies to attract some 150 participants. He also is planning to offer an open division to attract young, ambitious players from high schools and colleges. Meanwhile, co-chairs Wendy Skarda and Judy Smee have gotten very busy coordinating helpers and lining up donations. They want to fill up the players' gift bags, as well as the auction tables.

"There is no better advertising for local businesses than contributing gifts to real members of the community," Judy remarked. "The auction, as well, has achieved excellent results," said Wendy, "with Ray bringing out his amazing skills as auctioneer."

"Thanks to our continued business sponsors," Ray stated, "several courts and nets have been adopted. But there is always room for more sponsors." At the *Hit for the Cure*, giving comes in all shapes and sizes. Amidst such friendly people, investing some heart cash also feels rewarding.

"The *Hit for the Cure* fund-raiser is how Red Mountain gives back to the community from both ends, the tennis and golf," Ray continued. "It also is an open house to the Club, showing everything we have to offer, from sports to banquet facilities."

"We would not be able to do this without the generosity and selfless donations from the people around us," said Ray.

Thank you! And come again! ■

# Eastmark Focuses on COMMUNITY AND LIFESTYLE

Submitted by Taylor Morrison

It was love at first sight for newlyweds Don and Jennifer Sage. As the two stood in front of the gleaming Taylor Morrison model, at Mesa's Eastmark, they knew this home was the one for them. "We fell in love with the Lily floor plan as soon as we saw it," said Don. "We couldn't resist the opportunity to live in the neighborhood in a beautiful open floor plan like this house. Taylor Morrison managed to give us the perfect house." Considered to be the future heart and hub of the East Valley, Eastmark is being touted for its forward-thinking design and master plan creativity. That makes Eastmark the perfect fit for Taylor Morrison homebuyers, according to Bob Thompson, vice president of sales and marketing for Taylor Morrison. "The beauty of Eastmark is that it gives homebuyers the opportunity to create, connect and maintain a way of life that focuses on community, a vibrant lifestyle and a central hub for their future," Bob said. That connected living experience factored heavily in the Sage's buying decision. "We were attracted to Eastmark because of the convenient location and the overall feel of the neighborhood," Bob said. "We liked the idea of all of the amenities,

including the parks, events and amphitheater. The potential to feel a strong connection to our neighbors was very inviting." With four bedrooms and two baths, the Lily offers plenty of living space for any homebuyer. The 1,739-square-foot home puts an emphasis on entertaining, with a large great room connected to both the gourmet kitchen and an outside covered patio. "The spacious great room allows us to not feel cramped but still maintain a cozy atmosphere," Bob said. "We also love the features we were able to upgrade to with Taylor Morrison. Our perfect home was within our financial reach." In addition to the Lily, Taylor Morrison also models the two-story Jasmine, which offers four bedrooms, 2.5 baths and a three-car garage in a floor plan measuring approximately 2,985 square feet. Don said the purchase was made easier by Taylor Morrison's sales and design staffs, especially the couple's sales agent, Peggy Powers. "She has been there with us for every step of the way, answering questions and helping us feel like a part of the family," Don said. ■ For more information on Eastmark and Taylor Morrison, please visit the Web site at [www.taylormorrison.com](http://www.taylormorrison.com).

AAA Gold Exchange Assures No Tricks, ONLY TREATS FOR CUSTOMERS

By Kimberly Searles

In the spirit of Halloween, there are no tricks—only treats—when choosing AAA Gold Exchange for your business. “Working with our customers is a treat for us,” said David Perlaza, marketing manager for AAA Gold Exchange. “In turn, it’s only right to treat our customers well so they walk out of our doors happy that they received a fair and honest exchange.” The heart of AAA Gold Exchange is good customer service, according to David. Their team takes the time to work with each customer, making sure customers understand the process of cash for gold, as well as the formula AAA uses. Unlike other cash for gold businesses, they prefer not to rush the deal.

“As a customer, you want to feel valued, and rushing to get a deal can, many times, trick you into agreeing to an unfair price that you don’t realize until later,” said David. AAA makes it easy for customers to get cash for their jewelry. You bring in your unwanted gold, silver or diamonds, and their specialist will evaluate your items in front of you. Throughout the process, they let you know the standards by which they evaluate

the items. When that is all done, they will provide a quote. “Being honest is something we take pride in,” said David. “Once the quote is made, we’re not going to pressure you into making a decision on the spot. That’s not creating a positive atmosphere.” It’s also one of the reasons so many of their customers are repeat clients. Everyone can expect a friendly atmosphere and a fair deal at AAA. As an accredited business with the Better Business Bureau, AAA Gold Exchange has several locations in Arizona, California and Hawaii. Leave the tricks to the ghosts and goblins, and visit AAA Gold Exchange for all your cash for jewelry needs. ■

AAA Gold Exchange buys gold, silver and loose diamonds. They also buy platinum. With four valley-wide locations, you can find them in Northeast Mesa, at 1152 N. Power Road, Suite 102. Their hours of operation are Monday through Saturday, from 10 a.m. to 7 p.m.; and Sunday, from 11 a.m. to 4 p.m. Visit them online at [aaagoldexchangeaz.com](http://aaagoldexchangeaz.com) and on [Facebook.com/AAAGoldExchangeAZ](https://www.facebook.com/AAAGoldExchangeAZ).

AREA TEACHER Receives Honor

By Kimberly Searles

On Sept. 9, radio station KNIX and Fulton Homes honored Red Mountain Ranch Elementary School (RMRE) teacher Dianne Szonn as Teacher of the Week. Representatives from both KNIX and Mesa Public Schools’ EdTV, as well as Parent Teacher Counsel co-chairs Cassie Sterling and Amy Smith, surprised Mrs. Szonn with the award during class.

A Red Mountain Ranch resident, she teaches fifth grade at the school and goes above and beyond to help not only her students, but also all students at RMRE. “Mrs. Szonn does so much for RMRE that it is unbelievable sometimes,” said Amy Smith. “She truly is deserving of this award.”

Mrs. Szonn is dedicated to improving her school, which she demonstrates in the way she teaches her students and participates in school activities. She takes her responsibilities a step further by handling all of RMRE’s technology updates. She maintains the school’s Web site, which she also designed.

Believing technology should be embraced and used as a learning tool, she often holds education sessions for her coworkers, students and parents, helping them learn how to benefit from the newly purchased Smart boards. In her spare time, Mrs. Szonn researches new technology service, and even drives to Arizona State University on her personal time to purchase (with PTC monies) gently used computer monitors. Before installing them in the classrooms, she tests the monitors to ensure they work properly for the students.

This year, Mrs. Szonn continues to use her skills for good by heading up RMRE’s new Yearbook Club, even getting Staples to help purchase cameras for the group to use. She, along with one adult volunteer, is working with a group of 25 students to make the Yearbook Club a new tradition at the school.

“Mrs. Szonn is deserving of this honor because she makes RMRE a place of excellent learning,” stated Amy. Congratulations, Mrs. Szonn, from all of us at Up Close Publications. ■

# KINDERGARTEN TO FIRST GRADE: A Smooth Transition At Self Development Charter School

By Jen Salvatori

Many parents are excited, yet a bit apprehensive, about their child's transition from kindergarten to first grade.

Their concerns are primarily focused on academic preparedness and the social well-being of their child.

Commonly asked questions are:

- Is my child ready for the full school day experience?
- Is my child prepared academically for grade one?
- Will my child's teacher motivate and support him to succeed?
- Will my child get along with others and make new friends?

The answers to these questions are yes. Parents of Self Development Charter School (SDCS) grade-one students can rest assure their children will receive the academic, emotional and social support to smoothly transition to first grade and have a successful year.

The students' success is due, in large part, to the dedication of the Self Development Charter School faculty. The first-grade teachers include Loni Hopkins, Naomi Medina, Jamie Smith and several support staff. Each teacher brings a wealth of early childhood development knowledge and experience in classroom management and instruction.

This school year marks Ms. Medina's ninth year with SDCS and Self Development Preschool. She has extensive training and experience in early childhood development.

Ms. Smith has taught kindergarten at SDCS, and this is her second year as a first-grade teacher. Prior to teaching at SDCS, she was the director of an after-care program (kindergarten through grade six).

Ms. Hopkins is new to SDCS this year. She has

experience in elementary education, and was the director of a children's program, as well. This team of teachers is dedicated to each student's transition and growth throughout their first-grade year.

The first-grade curriculum continues the SDCS advanced curriculum design. Students learn one full grade level ahead of Arizona State Department of Education Standards. First-

grade students obtain a solid foundation in mathematics, language arts (phonics, reading and writing), science and social studies.

While adding to the students' knowledge base, the teachers instill good learning and study skills, such as note taking, organizational skills and presentation skills. This is done in a supportive environment, where students are encouraged and supported by their teachers. Support staff, also known at SDCS as *pull-out teachers*, are available, as well, to assist students with concept mastery and/or enhance the curriculum.

Beside the emphasis on student learning and academic growth, the students have opportunities to develop other talents and skills, such as art and music. Students have the chance to participate in after-school clubs, as well. Sports Club and Tutoring Club are among the clubs offered to first-grade students. Students are urged to participate in these activities, which enhance their physical and academic skills, as well as provide social opportunities outside the classroom. ■

## Pacino's Quickly Becomes a NEIGHBORHOOD FAVORITE

By Kimberly Searles

If you haven't experienced the delectable dishes at Pacino's, you are definitely missing out on one of Northeast Mesa's newest treasures.

Serving up fine Italian fare for just more than three months, the story of Pacino's actually begins in the Bronx, New York. That's where owner-operator Frank Spaccarelli learned the secrets of Italian cooking, in the kitchens of his mother, his grandmother and his uncle, Tommy.

"Pacino's allows me to honor the values of quality, freshness and passion that I learned long ago in my family's kitchens," said Frank.

He also adds part of his own personality to Pacino's, clearly evident in not just the food, but the atmosphere, as well. Frank brings a little bit of Hollywood, Bronx, Scottsdale and a whole lot of Italian to our corner of the Valley.

From the traditional items, such as chicken parmigiana, to the blow-your-mind lasagna béchamel, Pacino's offers something for every taste. They even offer delicious options the kids will love, like spaghetti and meatballs, chicken tenders and fries.

Frank, along with his co-owner and wife, Alicia, and Chef

Charles Delipizzi, collaborate to offer daily and weekly specials. Such specials include bone-in angus ribeye, risotto, veal picatta and so much more.

"For us, Italian food isn't merely a dining option," Frank stated. "It's a passion that we want to share with others."

Equally important is the service and atmosphere. The open-area kitchen creates an inviting presence, almost as if you were back in the Bronx, in Frank's family kitchen. The images of Al Pacino—Frank's doppelganger—add a touch of Hollywood to the scene. The service brings it all together.

"We pride ourselves on creating an unforgettable dining option through out-of-this-world good food and attentive service," said Frank.

So far, that plan has garnered Pacino's 4.5 stars on Yelp, and a place in the top 10 restaurant advisors on Trip Advisor. That's reason enough to stop by Pacino's soon and indulge your taste buds. ■

## Las Sendas Resident Sews OUTFITS FOR OVERSEAS ORPHANS

Submitted by *Dresses for Orphans*

*Dresses for Orphans*, a nonprofit organization, sews outfits for children in overseas orphanages, with the mission of helping these orphans feel special, loved and cared for by providing new, specially made dresses and shirts.

It started as the brainchild of Darlene Carpenter, a Las Sendas resident, when she was semi-retired and looking for volunteer opportunities. She knew she enjoyed doing things to benefit kids, and had a strong sewing background.

Darlene started making outfits in her home, and a short time later, several other women wanted to be part of what she was doing. *Dresses for Orphans* was born, and today, more than 40 volunteers (including several winter visitors) meet to make the outfits in Mesa, while two other groups do the same in Washington and Ohio. More than 13,000 outfits have been made and sent to 91 orphanages in 29 countries, including Haiti, India, Kenya, Mexico, South Sudan, Swaziland, El Salvador, Russia, China and Uganda.

The comments received indicate how thankful these children are for their new dress or shirt:

"What you are doing makes a huge difference. You are exchanging rags for lovely clothes. This gives hope and dignity." (Uganda)

"Wow! We just received the darling and beautifully handcrafted outfits. Of all the

donations we have received, these are by far the highest quality." (Philippines)

"All the children are very excited, and some can't sleep because they are so happy. They have never had new dresses and T-shirts before. They never get very excellent dresses—this is the first time." (Myanmar)

While the primary emphasis of *Dresses for Orphans* is to provide a new outfit to orphaned children overseas, they are serving the Mesa community, as well. When a dress is made, there is half a T-shirt that remains as a scrap. Fabric is added to these scraps to make a new T-shirt or a dress. These outfits are donated to the poorest schools in the Mesa district, where the school nurse gives them out. Also, *Comfy Cozys for Chemo* shirts have been made for children with cancer at Phoenix Children's Hospital.

Why be concerned about the welfare of orphans around the world who one has never met? Perhaps it could best be summed up in this quote from Mother Teresa of Calcutta (1910-1997) when she said, "I have come to realize more and more that the greatest disease and greatest suffering is to be unwanted, unloved, uncared for, to be shunned by everybody, to be just nobody, to no one." ■

To learn more about *Dresses for Orphans*, please visit the Web site at [www.dressesfororphans.org](http://www.dressesfororphans.org). New volunteers are always welcome. To learn more about how to become involved with this unique organization, please call Darlene at (480) 807-2672. See our ad for our garage sale on page 11.

## REAL ESTATE

# CHECKLIST HELPS NEW HOME Final Walkthrough Process

By John Karadsheh

Several weeks or even months can pass between the day you put an offer on a house and the day you close escrow and take possession of it. In between, a lot can happen that can affect the condition of the property, such as a leaky roof, a dripping faucet or stains on the carpet.

The AAR Residential Resale Real Estate Purchase Contract states, "Seller warrants and shall maintain and repair the Premises so that at the earlier of possession or COE: (i) all heating, cooling, mechanical, plumbing and electrical systems (including swimming pool and/or spa, motors, filter systems, cleaning systems and heaters, if any), free-standing range/oven, and built-in appliances will be in working condition."

It is imperative that you and your REALTOR® do a final walkthrough prior to closing to assess the condition of the property to ensure that it is in relatively the same condition as the day you signed the contract. As you walk through the home with your agent, use a checklist as a guide to help you make sure everything is working properly, and note any questions you might have. Below are just a few items in a typical checklist.

**Plumbing**—Flush all toilets, and check for leaks. Do they keep running after they flush? Run the sink and shower faucets, and check for proper drainage. Also run the water long enough to ensure the water heater is functioning.

**Electrical**—Make sure the utilities are on, especially if the home has been vacant for a long time. Operate all of the lights, switches and ceiling fans. Verify that the oven, microwave and dishwasher all turn on and function properly.

John Karadsheh

**Heating and Air Conditioning**—Use the thermostat to operate the heating and cooling systems, and check all of the registers.

**Outside**—Walk around the property, and verify that all of the landscaping is in similar condition as the day you wrote the contract. Also look for broken windows or damaged stucco. If there is a pool, check the motor and other related equipment for leaks.

**General**—Open and close all windows and doors to verify that they operate properly. Look for stains on the ceilings, as this might indicate a leaking roof.

The final walkthrough also is the time to verify that any repairs the seller agreed to do as part of your inspection period were completed. As per the AAR Residential Resale Real Estate Purchase Contract, "If Seller agrees in writing to correct item disapproved, Seller shall correct the items, complete any repairs in a workmanlike manner and deliver any paid receipts evidencing the corrections and repairs to Buyer three (3) days prior to COE Date." If you hired a home inspector, he will typically do a re-inspection for a small fee. Depending on the agreed upon repairs, this may be wise to take advantage of this option.

Verifying the condition of probably one of the largest investments you will ever make, prior to signing those final closing documents, is one of the most important actions you will take in the entire home buying process. ■

# Make the Dream of Home OWNERSHIP A REALITY

By Helen Groom

Mortgages are getting ever more complex, and if you don't have the right advice, you could end up making an expensive mistake.

Whether you're upside down, refinancing, buying, selling, building your dream home or considering a reverse mortgage, you have a lot riding on your loan specialist. Since market conditions and mortgage programs change frequently, sometimes even hourly, you need to make sure you are dealing with a top professional who is able to give you quick and accurate financial advice. Make sure you use an experienced, licensed loan officer with the knowledge and expertise you need to explore the many financing options available today.

Ensuring that you make the right choice for you and your family should be your ultimate goal. It is important to work with a licensed loan officer who is committed to providing you with mortgage services that exceed your expectations.

When shopping for a new mortgage, remember rate is not the only thing you should consider. Make sure to ask for a Good Faith Estimate (GFE). This will show you the actual fees and closing costs the lender is going to charge for your loan. A GFE is the perfect tool to use when shopping for a mortgage. Remember, however, until you lock your loan, the rate shown in a Good Faith Estimate is just that, an estimate.

Helen Groom

While Good Faith Estimates are great for comparing lenders' fees, they don't take into consideration the quality and level of service you will receive. You want to favor lenders who close on time. Quite often, that isn't the loan officer who paints a rosy, no problem, easy loan scenario upfront.

It is far better to work with a licensed loan officer who won't tell you what you want to hear, rather what you need to hear. Knowing ahead of time, what issues might arise during your loan process, and how they are going to be addressed, helps eliminate the stress so often associated with the home loan process. Remember, do your homework, get a good faith

estimate and ask for references.

At New West Lending, Inc., we treat each customer as an individual, not a number. You won't be placed into a loan profile formula created by the banking industry. Our in-house processors and underwriters consider your story, history and your goals. We use common sense, and will help you obtain the best loan possible. ■

Whether you're upside down, want to refinance, take cash out, or purchase a new home, give Helen Groom, a licensed loan officer with New West Lending, Inc., a call at (602) 761-4043. You will be glad you did.

LOCAL BUSINESS

## There are Many Benefits to LANDSCAPE/SECURITY LIGHTING

Submitted by Eagle Electrical

Installing landscape/security lighting to your home's entrances and walkways not only makes for great aesthetics, but also is crucial for safety.

Landscape lighting, when properly designed and installed, can illuminate and detail landscape, trees, flowers, pool areas, water features and any architectural designs around the home. It also can be a great selling point by increasing the curb appeal and setting your home apart from the rest.

A well lit landscape and yard presents a feeling of security and maintenance. When keeping your outdoor areas illuminated, you present a feeling of care and involvement with your home. Installing motion detectors around the home also will deter strangers and unwanted visitors from entering your home. In addition, such lighting will illuminate faces approaching the front door, allowing you to identify wanted or unwanted visitors.

There are a variety of options for outdoor lighting available on the Internet or at your local home improvement store. With the many benefits of functional outdoor lighting, Eagle Electrical will help you add beauty, function and safety to your outdoor areas. ■
